

# PANTHER SENTINEL

Volume XX

Salinas, California, Friday, May 4, 1951

Number 25

## AS WE SEE IT

By GEORGE JACKSON

The zeal and interest shown by student leaders in student government was an impression strongly established at the recent state junior college student government conference at Long Beach.

Delegates from more than 50 California junior colleges really had a common purpose as they worked to help the state's colleges, both as individual schools and as a group.

In the workshops set up to discuss and work out problems of mutual interest, there was a free exchange of ideas that showed the delegates actually wanted to better student government.

Long Beach City College did an exceptional job in planning the affair, and much of the success of the event is due to this fine job, but the students who were in attendance really made the conference a success because of the effort they expended.

Once again it appears that Hartnell has staged an outstanding event in the third annual carnival. It is hard to evaluate the importance of this event to both the college and the local public.

Much of the value to the college can be shown in dollars and cents. The clubs and organizations were able to enrich their treasuries, and the student union furnishing fund was enlarged, but the college gained in many other ways.

The very fact that we are crusading for a student union makes the citizens aware of the need and value of such a thing. In addition the sponsorship of a public affair, as the carnival has come to be, helps build a strong feeling of good will between the two groups. Too often all the relations between the college and the local people are bad because of bad situations causing ill will. The presentation of such an event as the carnival helps to show a side of the college and its students which should appear more often.

The carnival also helps the college in that it gives visiting seniors an opportunity to actually take part in an event before they are students here. The seniors were specifically asked to attend the affair, so those who came would naturally feel a part of the affair.

Regardless of how the other social and club events are supported by the students (let's face it, the students haven't taken a great interest in events), this fact still stands out: the carnival is the one event that is supported and is the outstanding social event of the year.

## Annual Spring Prom Tonight At Loma Linda

### Petitions Now Out For Student Body Positions

The primary election for student body officers will be held on May 14 and 15, and the general election will be held on May 17 and 18.

Student body offices that will be open, according to the A.S.B. constitution, are: president, vice-president, secretary, commissioner of rallies and assemblies, social activities, men's representative, women's representative, and sophomore class representative.

All candidates in order to be eligible for nominations, shall maintain a "C" average in 10½ units in scholarship. Officers elected shall maintain said scholastic average during their term of office. In the event of their failure to do so, the faculty shall declare the office vacant and direct the president to call a special election to fill the vacancy.

Nominating petitions shall be obtained from the registrar with his approval of the candidate, and 50 signatures of student body members in good standing must be obtained on these petitions before submitting them to the election committee. Arthur Hedges is the election committee chairman.

Petitions have been taken out for the following offices: president, George Jackson; vice-president, Bill Temple; secretary, Betty Cunningham; men's representative, Warren Montagne, and Ray Bloyed; and

(Continued on Page 2)

Prom Chairman Marge Mathers checks the menu while Judy Beech samples soup prepared by "Andy," chef at Loma Linda. All the Loma Linda facilities will be available for students and guests who attend the big event tonight. Dinner will be served at 9 p.m. and dancing will be until 1 a.m.

— Photograph Courtesy Salinas Californian

### Small Group Expected for Big Formal Affair

Tonight is the night of the last and most important social event of the Hartnell College. Loma Linda, near Watsonville, is the site and the Spring Prom is the event. The Prom will be from 8:30, with dinner being served at 9 o'clock. Dinner will be five courses with turkey or filet of sole. After dinner, there will be dancing, with music furnished by the regular Loma Linda orchestra.

Bids for the evening of dinner and dancing were sold from April 25 to May 3 and were \$6.50. Marge Mathers, social activities chairman, says that the attendance at the Prom will be slightly smaller than it was at the Winter Ball, which was 50 couples, but she says that the facilities of Loma Linda should prove entirely adequate.

As sponsors of the Prom there will be Mr. and Mrs. Leon Amyx and Mr. and Mrs. Roger Gammons. Previously it had been announced that Mr. and Mrs. James Stark and Mr. and Mrs. Jerry Girdner would be sponsors, but it has since been learned that they would not be able to attend.

The theme of the Prom will be "A Night in Old Mexico" and the decorations are reported to be quite original and attractive. The various committee chairmen are: Nancy Bardin, decorations; Freda Ledford, bids; Robin Lowry, newspaper publicity; and Marge Mathers, posters.

### Rehearsals For Comedy Continue

Night rehearsals began last week for the cast of "Alice Sit-by-the-Fire." They will conclude a month of rehearsing with the production, May 24, 25, and 26. In addition to the regular six hours of practice included in the class period, the cast rehearses Monday through Thursday nights, from 7 to 9:30.

Members of the cast are: Helen Wolber, Mrs. Grey (Alice); Phyllis Williams, Amy Grey; Tom Rogers, Steve Rollo; Barbara Nye, Genevra Dunbar; Don Schump, Colonel Grey; Stan Lovett, Cosmo Grey; Carla Adams, Fanny; Bonnie Pilliar, Richardson; Farrell Moore, Nurse.

Stage manager is Jim Carlisle.

### BULLETIN

Hartnell College will be host Saturday to the Coast Section track teams of the Northern California Junior College conference. Also, weather permitting, the Panthers will meet College of Marin on the local diamond.

## Hartnell Will Host 1952 Sectional Conference

Hartnell College was named host school for the 1952 spring Northern regional conference at the California junior college student government conference held April 26, 27, and 28. Host for the recent meeting was Long Beach city college.

Representing Hartnell at the conference were Ken Yoder, Deon Dyer, Betty Cunningham, Mary Ann Burke, Cliff Herman, and George Jackson. Mr. Jerry Girdner accompanied the delegation.

Delegates voted to request the California state junior college athletic committee to reconsider participation in the national junior college basketball tournament. As a result of the committee's earlier actions, California withdrew from the tourney and sent its last teams to the play-offs this past season.

Passage of Senate bill S-325, which would provide for ROTC

courses in junior colleges, was strongly urged by the delegates meeting in session. This bill is now pending in the committee on Armed Forces and would prove of great benefit to both junior colleges and students if it were passed, it was reasoned.

At the present time junior college transfers are unable to secure upper division courses because the earlier training is not provided them before they transfer. In addition about 60 percent of upper division students are JC transfers, and, unless a training is provided in the JC, colleges will not be able to fill their upper division ROTC quotas.

A resolution recommending each school set up a disaster organization was passed by the assembly. This organization is to be set up in schools who do not have a similar type of group in their pro-

gram now.

A bitter fight was waged before a resolution to select conference sites a year in advance was passed. This new method will replace the former plan that selected sites a semester in advance. Because of this change in method, Hartnell was able to secure the regional conference next spring.

Fresno was named to host the next state meeting, and San Francisco will host the spring state conference. Stockton will have the fall Northern section meeting.

A recommendation to place extra-curricular activities on the transcripts of students who transfer to other colleges was made by the assembly. The transcript would include any activity, such as athletics, class or student body offices, or other organizations, which the student participated in during his junior college years.

# Summer Jobs For Men And Women Announced

Mr. Jerry Girdner, dean of student employment, has announced several jobs for students for this summer, both full time and part time for both men and women students.

Some of the jobs available are: An afternoon job in a warehouse; field man for a concern in Watsonville, \$200 a month and preferably someone who speaks Japanese; female sales clerk; part-time bookkeeper in Watsonville; office worker (male) at the Y.M.C.A., full time

during summer, part time now; job at local grocery store, part time; full-time clerk-typist; full-time outside representative for local firm; two full-time stenographic jobs; full-time legal stenographic job; part-time or full-time job with Boy Scout office; full-time experienced bookkeeper; full-time bookkeeper for six or seven months at \$216 per month; and gardening work at \$1 an hour.

If anyone is interested in any of these jobs, he should see Mr. Girdner.

11:00-12:00—(Faculty rehearse for Graduation)

1:00 - 3:30—(Check-out - See note\*)

8:00 P.M.—Graduation Exercises in Men's Gym.

\* Note: All students must file a check-out slip with the office before leaving on vacation.

### PETITIONS . . .

(Continued From Page 1)

sophomore representative, Ken Yoder.

No candidates have entered the races for commissioner of social activities and commissioner of rallies and assemblies, women's representative, and head yell leader.

The term of office for all officers shall be one school year. No student may hold more than one office in this organization concurrently.

All candidates who wish to have their pictures run in The Panther Sentinel must have their petitions in by May 8. The assembly on May 11 has been set aside for campaign speeches by the candidates.

### New Phonograph Installed in Library

A phonograph was installed in the library early this week. Records have been moved from the music room to a cabinet in the library and the librarians will soon have them catalogued.

Included in the collection are classical and semiclassical music, speech recordings, and a few language recordings.

## Business Department Reports Shortage of Stenographers

Mrs. Anne L. Harper, business department instructor, has announced that there are a number of excellent jobs available for stenographers. These jobs are all full time and permanent; therefore, Mrs. Harper says that she is having a great deal of trouble filling them.

All present stenographic students that want jobs already

have them and don't want to give them up. She also says that most of her former students have good jobs and are well satisfied with them.

Mrs. Harper says that there is an acute shortage of stenographers, and as a consequence, salaries for that line of work are higher than ever before. The average salary of the stenographic jobs which Mrs. Harper now has available is about \$200 a month and, in many cases, more.

If anyone is trained for this type of work and is interested, she should contact Mrs. Harper.

## Science Teachers Consider Problem Of JC Transfers

At a recent meeting of the PacificSouthwest Association of Chemistry Instructors in San Mateo the problem of transferring junior college chemistry students to universities and four-year colleges was discussed, reported Mr. W. J. McCallum, Hartnell chemistry instructor.

The state-board of education requires all lower division students at state colleges to have 45 units of general college work including

science, languages, social science, and hygiene. This makes it difficult for the lower division engineering and chemistry students to work their physics classes into the two-year schedule.

It was the opinion of the chemistry deans, said Mr. McCallum, that all junior college chemistry transfers should get their physics requirement completed in the junior college.

## Anita Turpin Back After Honeymoon

Anita Turpin became the wife of Hack Bowen during Easter vacation. The groom was in naval training school in Charleston, South Carolina, so Anita flew south to join him. They were married on March 24 at the Citadel Baptist Church, Charleston, by the Reverend Rogers.

The bride wore a navy blue suit, with an orchid corsage, while the groom was attired in his navy uniform. For their honeymoon, the couple saw the sights of Charleston. Anita returned to school two weeks ago.

The groom, a Salinas resident before induction into the navy, was a graduate of Coalinga Junior College. The bride is a sophomore home economics major.

When school is out in June, the new Mrs. Bowen will join her husband in New Jersey, where he will receive further schooling.

## Large Turnout At Carnival

The student union fund is richer by an estimated \$125 after the carnival last Friday night. Gerry Skillicorn, president of the interclub council, said that although the returns were slightly less than last year the carnival was a success.

Top moneymaker was Alumni Association's dart and balloon game. According to Mr. Richard Carlisle, secretary of the association, the booth took in about \$20.

Other clubs were not as successful and a few of them lost money. The losses were suffered by those clubs whose overhead was too high to allow them a profit.

A large and festive crowd arrived promptly at 7:30 o'clock when the carnival opened and stayed until about 11 o'clock. The warm, pre-rain weather allowed both the inside and outside booths to stay open all evening.

There was a large turnout of both alumni and local Salinas citizens which proved the mounting interest in the student union project.

Patrons enjoyed dancing to the music of Marion Walters and his orchestra until shortly after midnight.

## Flying Club Will Go to Meeting

The Hartnell Flying Club representatives have been invited to attend a meeting of the California State Educators' Association at San Luis Obispo May 15, reported Richard Carlisle, club adviser.

Mr. Carlisle related that the purpose of the C.S.E.A. meeting will be to gather all information possible on flying clubs operating in junior colleges and an attempt to extend this extracurricular activity to other junior colleges in the state.

## WAA Conferees Go To Yosemite for Weekend

Complete with scenery and snow, the annual conference of the California Athletic Federation of College Women was held at Yosemite National Park last week end. Miss June Handley, faculty adviser, said, "It was beautiful, but it snowed so hard Saturday, we doubted whether we would be able to leave Sunday."

W.A.A. delegates from Hartnell were Mary Manteufel, Bonnie Hearn, JoAnne Valine, Marjorie Garcia, Jane Oka, Betty Westphal, and Lois Ogden. Transportation was provided by the Hartnell station wagon.

Registration at the Yosemite Lodge started the conference on Friday afternoon, April 27. Dinner followed in the lodge cafeteria. In the evening a general meeting was held in the Camp Curry dining room, and the delegates were welcomed by Mary Grogan, C.A.F.C.W. president.

Saturday morning, breakfast was served in the lodge cafeteria, and then the delegates adjourned to session meetings in the Camp Curry dining room. Taking part in the panel discussions were Mary Manteufel and Bonnie Hearn.

At noon, the conference banquet

was held at Yosemite Lodge. Miss June Brasted, assistant professor of physical education at Mills College, spoke on the place of W.A.A. and W.R.A. in the over-all field of recreation. After the conference picture, taken in front of the lodge, the convention was adjourned for the afternoon of sight-seeing.

After dinner, the sectional meeting began again in the Camp Curry dining room. At 9, all delegates viewed the famous Yosemite Firefall. Entertainment was then held in the dining room.

Sunday April 29, after church services, a general session was again held. At noon, the convention was officially closed and the delegates returned home, merrily dragging the summer clothes they'd never used.

## Clothing Classes Will Take Trip

Miss Mildred Novotny, chairman of the home economics department, has announced that her class in costume design and clothing selection will make a trip to South San Francisco on May 25 to tour the Apparel City. Apparel City is a group of modern manufacturers of women's clothing.

The trip to San Francisco will be made by automobile and it will be an all-day affair. Those planning to go on the trip are: Anita Turpin Bowen, Nancy Ferris, Roberta Binsacca, Wanda Beckham, Iverne Henningsen, Fay Ikeda, Pauline Marnack, Fanny Hernandez, Helen McCormick, Beverly

## Ski Club Clears \$15 at Carnival

Fifteen dollars was cleared by the Ski Club booth at the Spring Carnival last Friday, reports Tom Mill, president of the club. Seven and one-half dollars of this will go to the student union fund, and the remainder will go to the Ski Club treasury.

President Mill expressed appreciation to Guido Gysler, former Hartnell student, who donated a pair of beginner's skis to the club. Thanks also went to Art Hedges, Al Janes, Kathleen Jennings, Frances Englehorn, Ralph Hitchcock, and Ed Copley for their work in making the club booth a success.

Silva, Deon Dyer, Dorothy Hodge, and Frances Taylor.

## CAMPUSOLOGY

By PAUL PARSONS

The latest addition to Uncle Sammy's air force is Ken Smythe. Ken took the big step last Monday. He made a speedy departure from civilian life the day after he enlisted. He was flown to Lackland Air Force Base in Texas as soon as he had taken his "physical." Ken was an art major.

Eligible males at Hartnell had a field day last Friday when the seniors from seven high schools visited the Hartnell campus. Most of the visitors were girls and an extreme interest was shown in some of them by those men students who plan to stay here next year.

A carnival in Alisal the night before the Hartnell college carnival slightly hampered the sale of Cascaronis the following night. The girls who were assigned the job of manufacturing the confetti-filled egg shells; Phyllis Butters, Peggy Maneely, Yvonne Yutz, Carolyn Ratton, Margery Rains, Lois Dimmick, Punky Marnach, and Dorothy Hodge, went to the Alisal carnival and got violently ill riding the various "thrill and chills" rides.

Why not help avoid a panic when the LA REATAS come out and drop down to room 9 and buy your pledge card now. Just think only \$2.50 for 112 pages of memories of your stay at Hartnell college. A real bargain, huh!

"Old soldiers — that is presidents — never die, they just run again." That's the statement ASB President Ken Yoder made when he told of his intention to run for the office of Sophomore representative.

## Sport Shorts

By BILL BELL

Hartnell golfers succeeded in copping second place in the conference over at Monterey last week, but I hear that the Number One man on the team, Glen Albaugh, was busy most of the time trying to find a new ball to hit. It seems good old "Rube" lost all of his and had to borrow from his teammates.

### VINCE AND LEON STAR

If you are feeling yourself slipping into the depression of old age, go out and take a look at the Science softball team some noon-time. Two "old men" are going out there and giving the youngsters a bad time.

Out in the left field pasture is Mr. Leon Amyx and filling the hot corner is Mr. Vincent Anselmo. They are art instructor and physics instructor, respectively. Roy Pelascio, coaching at first, gave Amyx the big go-ahead signal on a passed ball with a hearty "GO GET 'EM LEON!"

### NATIONAL BASKETBALL

At the big pow-wow of the student politicians there arose a big discussion over the present situation of the national junior college basketball playoffs each year in Hutchinson, Kansas. The junior college administrators have canceled any further participation in the tournament.

Students, led by Compton College, are fighting for the return of this participation and have passed a resolution to that effect. The last word will be up to the administrators in their approach to the Yosemite conference. The question is, how much weight will the students' resolution carry?

### SACRAMENTO TOURNAMENT

On the same line, the Sacramento delegation protested, when asked, that their tournament did not make sufficient returns to finance the sending of a team to Kansas. I was present at the last tournament, and I would like to see a complete record of the transactions of the Sacramento affair. I saw a lot of money pouring into the coffers there and I believe that there should have been enough if the personal and organization cuts were not too high.

### Harts Out of NCJCC

Hartnell was forced to withdraw from the N.C.J.C.C. meet at Modesto tomorrow due to the necessity of holding the Coast Section N.C.J.C.C. meet in Kentfield at the same time. The C.S.N.C.J.C.C. meet was scheduled for last Saturday, but was rained out.

The remainder of the track season is: Saturday, May 12, Fresno Relays; Saturday, May 19, Modesto Relays; Friday-Saturday, May 25-26, State J.C. meet at Los Angeles.

## 1951 Football Schedule Announced By Wilson

A proposed nine game schedule has been released by Head Coach Ab Wilson for the 1951 Hartnell football squad.

The schedule includes five teams from last year's agenda. They are Modesto, Taft, Fresno, Menlo, and Monterey. The additions to this year's schedule are Placer, Contra Costa, College of Sequoias, and Marin.

Only bye in the Hartnell season is November 10. Plans are still under consideration to fill this pre-Armistice day gap.

Of the five repeaters on this fall's bill, only two were victorious over the Panther's last year. They were Fresno by a 13-12 count and MPC by a 12-0 margin. Defeated by the Harts were Modesto 13-12, Taft 33-13, and Menlo 27-7.

The schedule is far tougher on the Panthers next year in one respect; that is that five of the nine games are away from home. However if the November 10 date is filled it will even the count.

The schedule is as follows:

September 21, Modesto JC, there; September 29, Placer JC, Salinas; October 6, Taft JC, there; October 12, Fresno JC, Salinas; October 20, Menlo College, Salinas; October 27, Contra Costa, there (Martinez); November 3, College of Sequoias, there (Visalia); November 10, Bye; November 17, College of Marin, Salinas; November 22, MPC, there.

## Net Teams Play Here

Hartnell College will host the Coast Section Northern California Junior College Conference meet today and tomorrow, announced G. D. Peavy, Hartnell tennis coach. Hartnell has been chosen as the site of the meet because of its fine locker-room facilities and because of the adequate court space here on the local campus.

All schools in the league will be well represented as there will be more than 16 players here for the week-end contests. Menlo, Monterey, and Hartnell will send full teams while Contra Costa and Marin are expected to send only the top two or three men from their squads.

Initial play is slated to get under way at 10 o'clock today with the finals to be held tomorrow afternoon.

Coach Peavy said the meet will not determine the team championship but will select only the single and doubles champions of the league.

The first round in the singles as announced by the hosting Hartnell coach is as follows: (1) Frank Campos, Monterey, vs. Redford Shea, Menlo; (2) Ray Welch, Hartnell, vs. Dick Dressel, Menlo; (3) Ronald Griulich, Monterey vs. Ray Houlihan, Hartnell; (4) Lou Patterson, Hartnell, vs. Paul Sallaverria, Menlo; (5) Walter Pattison, Monterey, vs. Tom Grant, Hartnell; (6) Bob Gunderson, Menlo, vs. Lawrence Chan, Monterey; (7) Carlos Rodriguez, Monterey, vs. Terry Gleeson, Monterey; (8) James Paul, Menlo, vs. Jerry Skillicorn, Hartnell.

All winning contestants in the first round of the singles will have to play a second match today which will leave a remainder of four players for the finals on Saturday.

The first round in the doubles is as follows: Campos-Chan, Monte-

## Golfers Win 2nd Place

Hartnell College's golf squad placed second in the annual Coast Division N.C.J.C.C. golf tournament last week end. Monterey College, who hosted the tournament last Thursday and Friday, came out on top to win the league title for '51. Thursday the teams played on the Del Monte links and shifted to play the remaining 18 holes on the tough Pebble Beach course.

Coach Ab Wilson's duffers were not far off the blistering pace set by the newly crowned champions but they were unable to cope with M.P.C.'s number one man, Jim Hare.

Thursday, Hare carved out a 76 and then paired that to an 81 Friday. With a two-day score of 157 Hare was medalist for the tournament. Low man for the Panthers was Bob Ballard with a total 189.

Scores for the Hartnell golfers were as follows: Ballard, 97-93-190; John Migins, 95-102-197; Bob Jefferson, 95-99-194; Glen Albaugh, 93-110-203; Ray Welch, 105-117-222.

Following the Panthers in third place were the Menlo Oaks while Contra Costa was held down to the fourth spot. Marin was given the undisputed position of the cellar for failure to field a team.

rely, vs. Welch-Patterson, Hartnell; Greulich-Gleeson, Monterey, vs. She-Paul, Menlo; Dressel-Gunderson, Menlo, vs. Rodriues-Hare, Monterey; Skillicorn-Grant, Hartnell, vs. unnamed.

Players from Marin and Contra Costa will start in the second round play this afternoon.

Coach Peavy said that if everything went off as planned the finals should start about 2 o'clock tomorrow afternoon. There is some chance that they may begin earlier as the players might not take full advantage of the rest time allowed them between matches.

## "To Be Or Not To Be" Or Was It?

"Eenie, meeny, miny, moe," groans Jess Regli, Panther baseball coach, ever since Marin J.C. set the date for their league encounter with the Harts.

Panther Sentinel's reliable sources report that the twin bill may be played here yesterday, today, or tomorrow, depending upon mid-term exams, the whims of Marin coaches, and the weather.

The game, originally scheduled for tomorrow, was moved to today for the convenience of the Mariners only to have them discover that their mid-terms come up today. Rather than risk mental blunders on the part of his brain-weary team, the coach requested the date be moved to yesterday.

Coach Regli feels certain he will know when the game will be or was played as soon as it is played and not a minute sooner.

Rather than attempt to outguess the complicating factors in the scheduling, the Panther Sentinel sports staff has great pleasure in announcing that Hartnell has played, is playing, or will play the Marin squad this week end.

Previously the Harts had a one-win, three-loss record in league play.

## Baseball Team Beats All-Stars

Consecutive last-inning singles by Bob Steinbach and Lou Foletta combined with an error produced two runs for the Hartnell varsity and a 4-3 victory over a pickup all-star team.

The whole game was a tight pitchers' battle between Wayne Crook for the varsity and Bob Heinzen for the all-stars. Crook gave up only three hits but hurt his cause by hitting one batter and surrendering eleven walks. The varsity collected five hits off the fast-ball slants of Heinzen. Heinzen gave out five walks and also hit one batter.

Both squads, after scoreless first innings chalked up one run in the second.

The varsity run came after two walks and two outs when John Pini poked a pitch into the outfield for a single, driving Foletta across.

The All-Stars countered quickly with a double by Bob Omogrosso and a single by Bud Abreu.

All-stars came back with two runs to take a 3-2 lead. The runs were scored without a shot being fired. All came across on five walks and a hit batter.

The inning was ended by a smooth double play from Paul Frie- bel to Doug Severin to Foletta.

## Here We Go Again; To NCJCC Meet

Still playing games with the weather man, the Panther cinder-men are hoping to be host for the Coast Division N.C.J.C.C. track meet at Hartnell tomorrow, starting at 10:30.

Several of the team members left Salinas last Friday night, and spent the night in Kentfield. They were forced to return home in the morning after a long and heavy rain throughout the night. The Marin track was about three inches under water when the Hartnell men headed for home.

Coach Ed Adams still feels that his team can come through with a good showing, and that with a few surprise wins Hartnell might succeed in making themselves Coast Conference champions.

Considering past performances the Panthers can figure their strength and their weaknesses. Ray Dyer will be strong again in the distances, and should win in the mile and the two-mile races. Jim Tannahill might prove to be a two-event winner if he can add the pole vault to his usual win in the high jump.

Bud Chase has proved himself in the half-mile run, and should come through with another win in that event. Another strong spot for the locals has been the discus throw where John Dobbel and Ed Kruljac have been maintaining a one-two win.

Depth has been the deciding factor in the past few meets for the Panthers, and they will need all the second and third place points that they can corner.

Coach Ed Adams said, "If we can just get a few of those surprises we can cinch this meet." He says he has hopes for Tannahill in the vault. Jim has been doing extra work and has been near the thirteen-foot mark.

Bill Temple is another one of Adams' hopes. Temple has been improving steadily, and he might be able to upset the field in the high hurdles. Other Hartnell winners might be forthcoming from past winners like Don Smith, Steve LaVelle, Dick Leffingwell, Bob Ballard, and Keith McIntosh.
